

Arlington Neighborhood Village
Making Arlington your home for a lifetime

April 1, 2020 Update

Our office is open, with a few changes.

- The main office is operating, although not open to the public. It is staffed by one employee; other staff and volunteers are working remotely.
- Office hours remain the same, 10am-3pm, Monday through Friday. You can reach us by phone at 703-509-8057 or email at Office@arlnvil.org
- The services we provide have changed with the times - we are almost exclusively performing Errands for our members or helping them by telephone.
- We are experimenting with training new volunteers through online video meetings; our first is scheduled for April 4.
- And we are experimenting with online social gatherings. We hope to conduct our first “Coffee and Conversation” on April 8.

Volunteers are reaching out to all of our members by telephone, offering a friendly conversation and “check-in” call. New friendships are forming as we all get to know each other better.

We are providing assistance to older adults in Arlington regardless of ANV membership status. Together with our partners in the County, Meals on Wheels of Northern Virginia, the Arlington Food Assistance Center and others, we are working to ensure a safety net for older adults and people with disabilities.

We are grateful to all of our members and volunteers who support our community with their time, talent, and compassion and to the Washington Forrest Foundation and the Arlington Community Foundation for their financial support.

With best wishes and our hope for your health and safety,

Elise Burns
President

Wendy Zenker
Executive Director
